Structure Options

- Contract is a 12-month agreement paid on a monthly retainer basis.
- We may choose a certain number of hours per month or a specific number of services per month.

-Scheduling our work will occur two-three months in advance so that I may maintain my speaking and private coaching practice.

Fees-Negotiable

My 2023 rates are:

Speaking and Training- \$15,000 for up to 90 minutes of in-person delivery and \$10,000 for virtual delivery

Coaching-\$600/hr

The rates above will not be your rate for a retained contract, rather it provides context for where I'm currently at with my rates.

Let's find a fee structure that gets us both excited!
